

STREETS:

Streets within this subdivision have been offered for dedication for public use and have been accepted by the County.

WATER:

The Greenfield Village Water Company advises it will supply water to this tract. This company operates under the supervision of the Public Utilities Commission.

UTILITIES:

The subdivider advises that utility services are available, subject to company extension rules and regulations, from the following companies:

Electricity: Pacific Gas & Electric Co.
Telephone: Pacific Telephone & Telegraph Co.

Purchasers should contact the above companies regarding service connections and the costs involved.

SEWAGE DISPOSAL:

The subdivider advises that septic tanks are to be used for sewage disposal. Prior to installation purchasers should contact the local Health Department for specifications and requirements.

MISCELLANEOUS:

The subdivider advises it is approximately 7 miles to the nearest high school, 1 mile to the nearest grammar school, and 2 miles to the nearest community shopping center.

He also advises that school bus service is available to both schools and available public transportation consists of a stage line adjacent to the tract.

Purchasers should contact the local School Board regarding school facilities and bus service.

FIRE PROTECTION:

The State Division of Forestry advises that in cooperation with the Mid Valley Fire District it will furnish fire protection to this tract.
